

WE'RE LOOKING FOR SOMEONE AWESOME TO OPEN A NEW OFFICE FOR LEGION IN YOUR CITY. THINK YOU'VE GOT WHAT IT TAKES?

Legion will always have an office just outside Cincinnati. And we love it here. But we've heard great things about your city, too. Such great things, in fact, that we want to have a presence there. But, like most folks looking to make a move, we want someone there who knows the lay of the land, and can jump-start our office, and has the right mentality to start something new that's part of something already established. And awesome.

WHAT YOU CAN EXPECT FROM US

- We want you to grow with us. We want the office you start to become a regional hub for Legion, with more Problem Solvers and support staff.
- You would have your choice of three compensation plans – base plus bonus, a draw, or a straight commission plan.
- We have awesome benefits. Medical, dental, and vision are available to all full-time employees and Legion pays 60% of all premiums.
- After one year, you are eligible for our profit-sharing plan, because no one wants to work forever.
- This job is hard, and we know everyone needs a break, so we offer unlimited paid time off (PTO) to qualifying employees.*
- We are co-owned by a service-disabled veteran, and we hold our current service members and veteran in the highest regard. If you are a veteran, you are in the right place.

WHAT WE WOULD EXPECT FROM YOU

- You would be flying solo at first, working to establish a customer base and an office in your city. Eventually, you would have the opportunity to run that office.
- Our customers are our everything, and we expect them to become your everything too.
- Legion's official hours are 7:30 – 4:30. However, we expect you come in at 7:30 and stay until the work is done. Sometimes that's 4:30. Sometimes it is later. There are occasional Saturday hours and calls are forwarded to your cell phone after hours.
- Our most successful Problem Solvers are entrepreneurial, dedicated, persistent, focused and relentless. We expect you to want to make six figures, and we'll give you all the support you need to get there.
