

# WE NEED A RIGHT HAND PERSON TO DISPATCH AND TRACK ALL OUR FREIGHT.

## ARE YOU UP TO THE CHALLENGE?

### WHAT YOU CAN EXPECT FROM US

- We have created world-class training to help all our employees be really, really good at their jobs.
- In addition to training, we've invested heavily in state-of-the-art technology for our staff. You'll get all the bells and whistles you need to crush it.
- We work in teams – no one is an island at Legion. You'll share duties, responsibilities and war stories with the entire Dispatch team.
- We have awesome benefits. Medical, dental, and vision are available to all full-time employees and the Legion pays 60% of all premiums.
- Every employee has a \$15,000 paid life insurance policy, with the option to purchase additional coverage.
- After one year, you are eligible for our 401(k) plan, because no one wants to work forever.
- This job is hard, and we know everyone needs a break, so we offer 15 days of paid time off (PTO) to all full-time employees.

### WHAT WE WOULD EXPECT FROM YOU

- This is a **dispatch position**. Your sole mission is to make sure Legion's freight is picked up and delivered on time, in one piece.
- You are responsible for communicating with drivers and dispatchers, negotiating pricing and making sure they understand what we are asking them do to.
- Once a load is delivered, it is your job to keep all account paperwork in order and make sure our accounting department has all the information they need.
- You are also responsible for dealing with any in-transit issues, from flat tires to lost drivers, to ensure those critical on-time deliveries.
- The hours for this position are 10 a.m. to 7 p.m. You will also be expected to join the Saturday shift rotation and work one Saturday every three months from 8 a.m. to noon.
